BOISE'S MAYOR THREATENED

Receives Anonymous Letter Demanding Release of Prisoner.

Man Arrested for Carrying Concealed Weapons Has Wonderful Set of False Whiskers.

Boise, Idaho, May 29.—Following the arrest and detention of Carl H. Duncan on the charge of carrying concealed weapons, Mayor Haines this morning got an anonymous letter. Each word was carefully printed out. It read: "The man you have arrested is an honest workingman. We ask that you release him at once. We also insist that you dismiss Chief of Police Francis. If not, we will find a way to get both you and the chief."

Duncan appears to be a Socialistic lunatic. When arrested he had on the most wonderful set of false whiskers and eyebrows that the eye of man has ever gazed upon. They were excessively luxuriant. Moreover, they did not match his hair or his complexion. It was scarcely remarkable that such an outfit attracted the attention of the police.

The man had with him a bag containing a Colt automatic pistol, a knife with a blade six inches long, a pair of brass knuckles, and a dozen skeleton keys. He also had a card showing he was a member of Spokane Union, No. 22, of the Industrial Workers of the World, together with letters from Wade R. Parks, Parks is the correspondent here of the New York socialist paper called The People.

The letters from Parks appear to be written in a friendly vein, and began, "Dear Comrade," but when Parks heard that Duncan was arrested, he went around to the police station and begged the police to protect him from the prisoner, saying that Duncan had been a delegate from Seattle to the last convention of the Industrial Workers of the World. Parks went on to say that Duncan had been an aspirant to office in that organization, but that he (Parks) had thwarted him, and that Duncan had sent him a challenge.

When the detectives questioned Duncan he said that he had come here from Seattle, intending to go to work on a sheep ranch, and that he thought he might need a gun there. He accounted for the brass knuckles by saying that he had bought them as a speculation. The skeleton keys he had found, he said. He just put them on his key ring, thinking they might come in handy.

As for the false whiskers, Duncan advanced the explanation that he had heard that strangers were arrested in Boise at the present time. He thought that if he disguised himself as a farmer he might escape arrest. He said that he was born in Plattsburg, N. Y.

Equal Pay Bill Is Vetoed.
Albany, N. Y., May 29.—Gov. Hughes to-day sent a message to the legislature vetoing the bill for equal pay for men and women teachers in New York City, saying that if the principle was a sound one, it should apply to all cities in the State and to all branches of the State civil service instead of being limited to the teachers of New York City.

SAVE MONEY FOR DISTRICT.

Special Jury Reduces Awards to Real Estate Owners.

The sum of \$4,660 is saved to the District of Columbia by the verdict of a jury, which was returned to the District Supreme Court yesterday. The jury had been summoned to appraise the damages resulting to the real estate of Stephen Talty and others, on M street northeast, between Third and Fourth streets, from changes of the street grades, made recently by the municipal authorities in connection with the Union Station improvements.

The case was passed upon about a year ago by the Union Station grade-damage commission, which awarded the property owners damages in the sum of \$9,200. The awards of the commission were disapproved by the District Commissioners, and the jury was summoned by order of the court to determine the amount of damages due the claimants. The jury awarded to the claimants \$4,660, or \$4,660 less than the total amount of damages awarded by the commission.

JORDAN MAY REVEAL SECRETS

Indicted Equitable Official Gives Bail and Intimates Exposures.

Special Grand Jury Will Be Sworn Monday to Continue Investigation of Big Concerns.

New York, May 29.—Thomas D. Jordan, the controller of the Equitable Life Assurance Society, under the old management, who was indicted for forgery and perjury on Tuesday, appeared before Justice Greenbaum in the Supreme Court, criminal branch, to-day. He was accompanied by his lawyer, W. C. Arnold, and several friends.

There were a number of persons in court who wanted to see him, as the Armstrong committee tried hard to get him, but didn't, and there were reports that he has been out of the jurisdiction for nearly two years.

Jordan is a stockily-built, middle-aged man. His hair and mustache are gray, and one of his legs is crippled. He didn't seem to be worried, and when he was arraigned his counsel said that he pleaded not guilty with leave to withdraw. Mr. Jerome said that he would ask that all other motions be put off until October 1.

He said that the investigation had not been completed, but he hoped to get through with it by the end of June. It would be impossible, he said, to get any of the insurance cases on for trial before the fall.

Bail was fixed for Jordan at \$10,000. It was furnished by Eugene Clifford Potter, of 135 Broadway.

There was an intimation to-day that Jordan might be willing to tell things about the old management of the company if he got a promise of immunity. It is known that the district attorney's office would like to have him talk. Without the assistance of Jordan it is said that it is practically impossible to get any kind of a case against any of the former officials of the company.

A special grand jury will be sworn on Monday to continue the investigation. It is known that another phase of the New York Life and the Equitable will be taken up.

TYPHOON KILLS 270 PERSONS.

Destructive Storm Sweeps Over the Caroline Group in Pacific.

Victoria, B. C., May 29.—Two hundred and seventy persons are known to have been killed, and the loss of life, it is said, will total many more, in the disastrous typhoon in the Caroline Islands, recently reported by cable from Sydney, Australia. Many of the smaller islands are reported practically swept clean by the waves. The typhoon passed over the Caroline group on March 28, and hundreds of persons were killed by the waves, which inundated the smaller islands. The typhoon extended as far west as Guam.

The island of Ule was entirely destroyed, and the waves which passed over it killed 200 people. Heavy loss of life was reported from other islands.

Justice Clabaugh Addresses Georgetown Law School Students.

In a speech before the graduating class of the Georgetown Law School at its banquet held in the Ebbitt House last night, Chief Justice Harry M. Clabaugh, dean of the Law School, strongly advised the adoption of the "honor system" at that institution, and said that the fact that teachers were left in the examination room with the students was the one thing that he regretted in the curriculum.

Other speakers at the banquet were Rev. David Hiltunen Ruell, S. J., president of the university; Chief Justice Shepard, James S. Eashy-Smith, Daniel O'Donnoghue, and Joseph Lennon. Stanton, Montgomery was the toastmaster. Those present at the banquet were: McKinney Barton, Russell P. Belew, Bartholomew W. Butler, J. Camillus Carroll, Norrell H. Cobb, William F. Columbus, J. DISEASE SPREAD BY KISSING.

Glasgow, May 29.—There is death in the kissing of infants. This is the declaration of Dr. Chalmers, city health officer, following his investigation to learn what has caused the heavy mortality from spotted fever. The prevailing habit of kissing infants, Dr. Chalmers says, is an unmistakable carrier of the disease.

ANGERED BY MRS. GOULD

New York Postmaster Has Had No Official Complaint.

Declares that Department Should Be Notified Instead of Newspapers. Will Investigate Charges.

New York, May 29.—Postmaster Willcox voiced his indignation to-day at the action of Mrs. Howard Gould and those interested in her case in investigating through the newspapers, as he put it, her complaint that her mail had been tampered with since she parted from her husband. Postmaster Willcox did not hide his anger when reporters questioned him and asked if he had begun an investigation and what it had revealed.

"If Mrs. Gould charges that there has been any irregularity in the transmission of her mail," he said, "I am the person to whom it should be reported. As I have said right along, I have heard nothing from Mrs. Gould or her attorney, and I have been informed of her alleged complaint only from newspaper men. Until I am officially notified by Mrs. Gould, or her attorney, I am not at liberty to do anything about the matter."

United States District Attorney Stimson maintained his usual reticence to-day, refusing to say whether or not he had received a complaint from Mrs. Gould's attorney. The woman's lawyer would not deny that he had talked with Mr. Stimson about her complaint, but he refused to discuss the matter with reporters.

It was denied at the office of Mrs. Gould's counsel to-day that any proposition had been made to Mr. Gould for a settlement of \$4,000,000. Her lawyer said that before Mrs. Gould began her suit he had a talk with DeLancey Nicoll, Howard Gould's attorney, on the question of an allowance, but that no demand was made at that time and no such fabulous sum was mentioned.

DeLancey Nicoll issued a statement to-day contradicting the denial made by Mrs. Gould's attorney. Mr. Nicoll said that some time before Mrs. Gould instituted her suit for separation, her attorney called at his office and talked with him about an allowance.
